

For lyke wyse a verbe finite without a noietyf or
casyf case.

A verbe is called finite in all modes/ excepte þe In-
finityf. Also euery Infinityf mode may haue an ac-
casyf case sette before hym exprellyd or vnderston-
as for suche maner of speche. Cui nūc cognomen
lo. Is more after ble than crafte.

For an aduerbe may not stonde without a verbe.
For a coniunction without.ii. clauses/ and.ii. ver-
set out/ as Ego lego. & tu legis. or vnderstode/ as
go Virgilium et Ciceronem. for Lego Virgilium
lego Ciceronem.

For.ii. clauses or.ii. verbes without a cōiunction
cept that one be an Infinityf mode or els Joyne
a relatyf.

For a preposicion withoute a case. For an adie-
withoute a substantyf. For a relatyf withoute so
worde reherled of the reason afoze/ the whiche
be called the antecedente.

For a relatyf without a verbe dyuers from the
be of the antecedent/ yf the relatyf be a nowne.

¶ Whan wordes must be construed togydet bet-
nyngge thynges that be of one plone/ they must a-
in as many accidentes as they may.

A persone is called in gramer the becr/ the dege

Here is to be noted that where as many verbes be
a reason/that verbe is pꝛyncypall that maketh
reason pꝛfytte.

56

Also where as be many verbes/one verbe at the lest
yle cometh betwixt the forsayd sygnes and pꝛin
cipal verbe/as the boke that I begynne to wryte yf
were ended sholde pꝛofyte chyldeꝛen moche. Liber
incipio scribere si perficeretur multum prode
pueris.

nowne relatyf may not be sette in that same reas
on/that his antecedente is in. But euermore he ma
th a reason in pꝛfytte in hymselfe.

A pꝛowne relatyf may be sette in a reason with
antecedente/as Patre sequitur sua proles. Sua
qꝛ satis placebant. Dominu formidabunt aduer
u eius.

Strength of compulynge case.

The verbe of substaunce/and all that be of lyke en
the wyll haue suche case after them as they haue
ore them/as I am a man. Ego sum vir.

esame strength hath all verbes vocatyues/as no
or Appelloꝝ. I am called Thomas. Ego vocoꝝ
omas. Also appareo. sedeo. w other lyke.

o generally all verbes may couple lyke case when
wꝛde that gooth before the verbe / & the worde
